

To Log a Bug

1. [Go to the Issues page on your semester's testing Github repo \(provided by the TAs\)](#)

2. Click on "New Issue"

The screenshot shows the GitHub interface for the repository **cs340tabyu / CatanBugTracker**. At the top, there's a navigation bar with links for Pull requests, Issues, and Gist. Below this, the repository name is displayed along with 'Unwatch' and 'Star' buttons. The main content area has tabs for Issues, Pull requests, Labels, and Milestones. A search bar with the filter 'is:issue is:open' is visible. A red rectangular box highlights the 'New issue' button, which is a green button with a white plus icon. Below the button, there's a large gray box with a warning icon and the text 'Welcome to Issues!'. The text explains that issues are used to track todos, bugs, feature requests, and more, and that they will appear in a searchable and filterable list. It also provides a link to 'create an issue'. At the bottom of the page, there's a footer with copyright information and various links.

4. Select the Labels option on the right

The screenshot shows the GitHub interface for the repository 'cs340tabyu / CatanBugTracker'. The 'Issues' tab is selected. The sidebar on the right contains the following options:

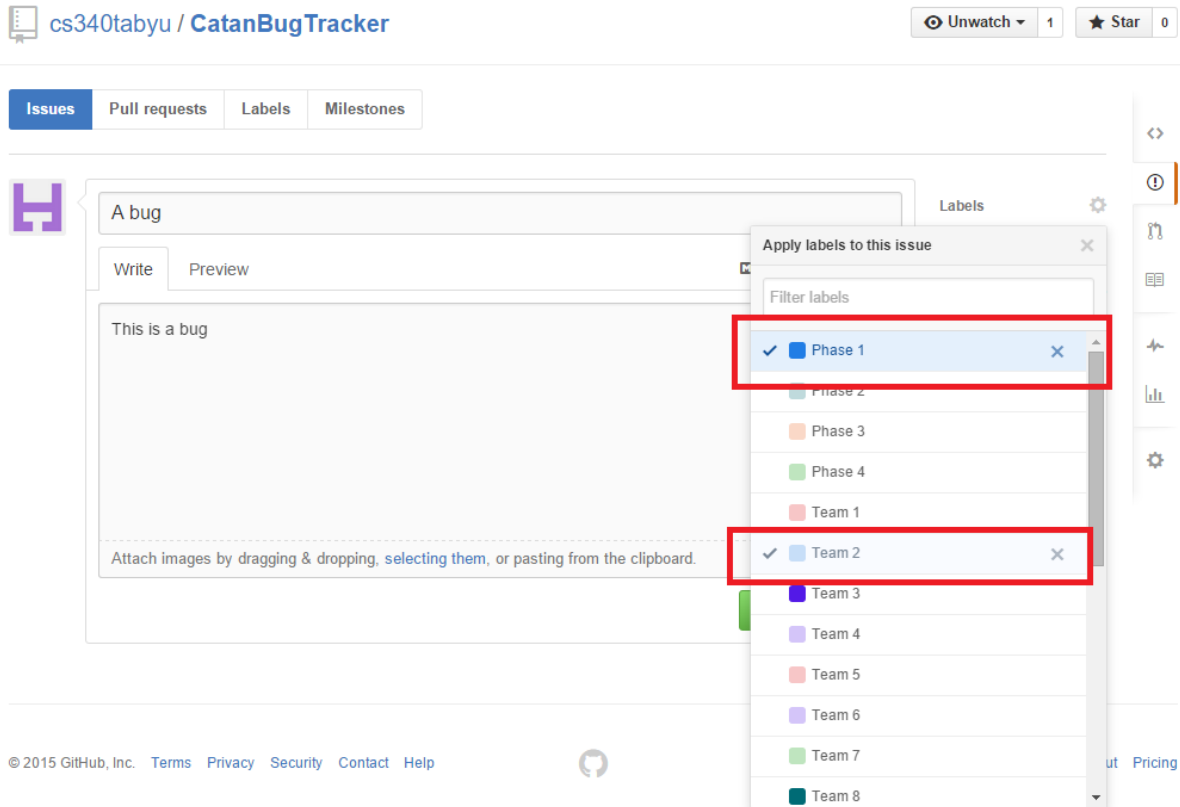

- Labels**: None yet (highlighted with a red box)
- Milestone**: No milestone
- Assignee**: No one—assign yourself

At the bottom of the sidebar is a 'Submit new issue' button. The main content area has a 'Title' field, 'Write' and 'Preview' tabs, a 'Markdown supported' indicator, a 'Leave a comment' text area, and a note about attaching images. The footer includes copyright information for GitHub, Inc. and links to Terms, Privacy, Security, Contact, and Help, as well as links to Status, API, Training, Shop, Blog, About, and Pricing.

5. A pop down will appear

6. Select the severity and team this bug should be reported to. (Not your team, the team who you are testing)
Ignore the phase in the picture. We're only doing phase 3. Instead there will be a severity rating from 1-4.

7. X out of the label drop down, and then submit the bug

The screenshot shows the GitHub 'New issue' page for the repository 'cs340tabyu / CatanBugTracker'. The 'Issues' tab is selected. The title field contains 'A bug' and the body field contains 'This is a bug'. The 'Submit new issue' button is highlighted with a red rectangle. On the right, the 'Labels' section shows 'Phase 1' and 'Team 2' selected. The 'Milestone' is set to 'No milestone' and the 'Assignee' is 'No one—assign yourself'.

GitHub interface for creating a new issue in the repository **cs340tabyu / CatanBugTracker**.

Navigation tabs: Issues (selected), Pull requests, Labels, Milestones.

Issue title: A bug

Issue body: This is a bug

Buttons: Write, Preview, Markdown supported, Attach images by dragging & dropping, selecting them, or pasting from the clipboard.

Submit new issue (highlighted with a red rectangle)

Labels: Phase 1, Team 2

Milestone: No milestone

Assignee: No one—assign yourself

8. Boom that's it!

Scroll to the next page to view the bugs logged against you

To view the bugs logged against you:

1. [Go to the Issues page on your semester's testing Github repo \(provided by the TAs\)](#)
2. In the search box enter `[label:"Team Y"]`, where Y is your team number. Press enter.

The screenshot shows the GitHub interface for the repository `cs340tabyu / CatanBugTracker`. The top navigation bar includes links for Pull requests, Issues, and Gist. The search bar at the top contains the query `is:issue is:open label:"Phase 1" label:"Team 2"`, which is highlighted by a red box. Below the search bar, the 'Issues' tab is selected, and the search results show 1 Open issue and 0 Closed issues. The first issue is titled 'A bug' with labels 'Phase 1' and 'Team 2', and a comment '#1 opened just now by cs340tabyu'. A ProTip message at the bottom suggests excluding one's own issues with the filter `-author:cs340tabyu`.

3. Click the name of the bug you want details about
